

Writing at Home

Help your child LOVE drawing and writing. Build your child's confidence and encourage him/her along the road to becoming a confident writer!

Things to Remember

- Writing should be fun and stress free!
- Allow your child to draw and write at his/her level. Every child starts by scribbling. Scribbling is a way for a child to put his/her thoughts on paper in a way that makes sense to him/her.
- Let your child know you value what he/she "writes". Read it, hang it up, or take the list with you to the store.
- The pictures are just as important as the words! Encourage your child to draw about his/her writing!
- Use a variety of tools to write with to make writing fun! You can use pencils, pens, markers, and crayons.

Learning about Letters At Home

Give your child MANY opportunities to explore letters!

Things to Remember

- Learning about letters should be fun!
- Hands on experiences make the most impact.
- There are 26 letters (52 if you count uppercase and lowercase separately) in the alphabet. That's a lot of letters to learn.
- Start with the letters in your child's name and build from there. Go slowly. It will take time.

A Child's NAME

It is very likely that the first letter a child will learn is the first letter in his/her name. The next letters he/she will likely learn are the rest of the letters in his/her name and other important words such as mom and dad. Do activities with only the letters in your child's name and build from there!

Starfall is a fun, interactive website and app to help your child learn his/her letters.
www.starfall.com

Notice Letters EVERYwhere

The more you notice letters the more a child's curiosity about letters builds! It will make a HUGE difference! It is so exciting when your child begins noticing letters and starts asking you about the letters!

Go on a letter hunt around your home. Notice and talk about the letters you see!

When you are out in the community or in the car, notice the letters on signs, menus, ads, and labels.

Get magnet letters for the refrigerator. Start with just the letters in their name and SLOWLY add more and more letters

FUN ACTIVITIES TO TRY

- Go outside and make letters with chalk. Erase/trace the chalk with a wet paint brush.
- Make Lego or block letters. Write letters or add letter stickers on the sides of your child's legos and/or blocks. As they build, they can notice, talk about, and learn their letters.
- Go to the library and check out a few alphabet books. Notice and compare what the letters represent in each book.
- Make a name or word collage. Write a word or their name on a piece of paper. Have your child place stickers, dots, tissue paper, beads, etc. on top of the letters you made.
- Make letters with playdoh. First, roll the playdoh into rolls (snakes). Use the rolls to form the letters. You can also use letter cookie cutters!
- Play letters hide and seek! Take your magnet letters and hide them around the room and then find them! Put the letters in order at the end to make sure you have found all the letters!
- Sensory letters! Sprinkle salt, flour, or oatmeal onto a cookie sheet. Your child can use a finger to make letters. Gently shake the tray to erase so you can make more.
- Make a letter collage. Get a magazine or a store ad. Have your child cut out the letters they find. Glue the letters all over the page randomly. Glue matching letters next to each other. Put them in ABC order, or make words with the letters.

In the Tub

Bath time can be a fun time to learn about and make letters.

- Get foam letters for the tub. Start with the letters in their name and gradually add more SLOWLY.
- Lather shaving cream on the tub wall and practice making letters in the shaving cream.

MAKE LETTERS PART OF
YOUR CHILD'S DAY! TALK,
NOTICE, AND EXPLORE
LETTERS EVERY DAY!

Math at Home

Children develop positive feelings about math when they have fun math experiences at home with their family!

Things to Remember

- 1 • Exploring math should be fun!
 - 2 • Allow your child to count, read numbers, explore shapes, create patterns, and measure at his/her own individual level.
 - 3 • Every child learns differently. That is what makes your child unique!
- Give hints, not answers.
 - Celebrate and praise ALL math discoveries!

SHOW YOUR
CHILD HOW
YOU USE
MATH
EVERY DAY!

Fun Activities to Try

- ★ Count as you walk, jump, skip, march, or go up the stairs. Do one movement for each number.
- ★ Read counting books. Notice the number and count the objects as you read!
- ★ Make numbers and shapes with playdoh. First roll the playdoh into rolls (snakes). Use the rolls to form numbers and shapes.
- ★ Sort the laundry by color or clothing categories. Count the number of items in each pile. Which pile has the most/least?
- ★ Go on a shape hunt (inside or outside). Talk about the shapes. Feel and count the sides and/or corners.
- ★ Find markers that are the same size. Using markers, measure how many markers tall each person is in your family is by lining up the markers next to them.

FUN FINE MOTOR at Home

Help your child develop the strength and motor control he/she needs to write and draw!

Things to Remember

Make it FUN and hands on! Children need **FREQUENT** opportunities and a variety of materials to develop their fine motor control as well as eye hand coordination.

QUICK INFORMATION

Fine motor development involves the use of small muscles of the body (hands and fingers). It is the ability to pick up small items, color with crayons, copy designs, string beads, cut with scissors, draw shapes, and write letters.

INCREASE CONTROL AND HAND STRENGTH

- Do a variety of puzzles.
- Tear paper and make a collage.
- Peel and stick stickers and/or tape to paper.
- Build or play with dominos.
- Color and write with broken crayons, short colored pencils, and thin markers.
- Offer tracing stencils or trace around objects.
- Build with small Legos or small wooden blocks.
- String beads, noodles, cereal using pipe cleaners or yarn.
- Play games or explore with tweezers or small tongs to pick up items such as cotton balls, marshmallows, cereal, pom poms, or small rocks. Commercial games that use tweezers are Bed Bugs, Thin Ice, and Crazy Octopus.
- Sprinkle salt, flour, or oatmeal onto a cookie sheet. Your child can use a finger to make lines, shapes, letters, and/or numbers. Gently shake the tray to erase.
- Paint with various types of brushes and on various surfaces (paper, foil, wax paper).
- Use hole punches, shape punches, and/or letter punches.

Items to cut

Paper
Playdoh
Goop
Newspaper
Magazines
Coupons
Tissue Paper
Ribbon
Wrapping Paper
Fancy Paper
Leaves
Grass

Cutting

Show your child the correct way to hold the scissors, with the thumb up. Start by giving your child half inch strips of paper to cut. Gradually make the paper wider as your child's scissor skills strengthen.

You can draw thick black lines on paper for your child to cut along. Make simple shapes for your child to cut too!

Have your child make a collage with the items they cut out!

PLAYdoh & GOOP

There are endless activities your child can do with playdoh and goop! Roll the playdoh into balls or snakes, cut it with scissors, pinch off small pieces, or make a sculpture. Hide small objects (pennies or a small plastic animal) in the playdoh and then try to find it. Manipulate the playdoh to make pretend food. Get out a rolling pin and cookie cutters to make playdoh cookies! Make prints in the playdoh using buttons, toothpicks, popsicle sticks, small plastic animals, or sea shells.

Water Play

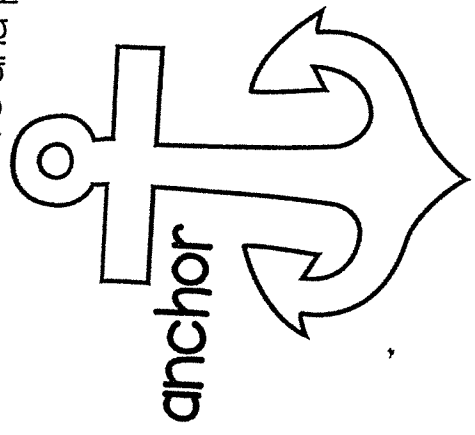

Water play can be a great time to incorporate fine motor fun! Add the items below and let the fun (and muscle building) begin!

- Eye droppers
- Turkey basters
- Bath squirts
- Spray bottles
- Sponges to squeeze
- Tongs and tweezers
- Containers with lids
